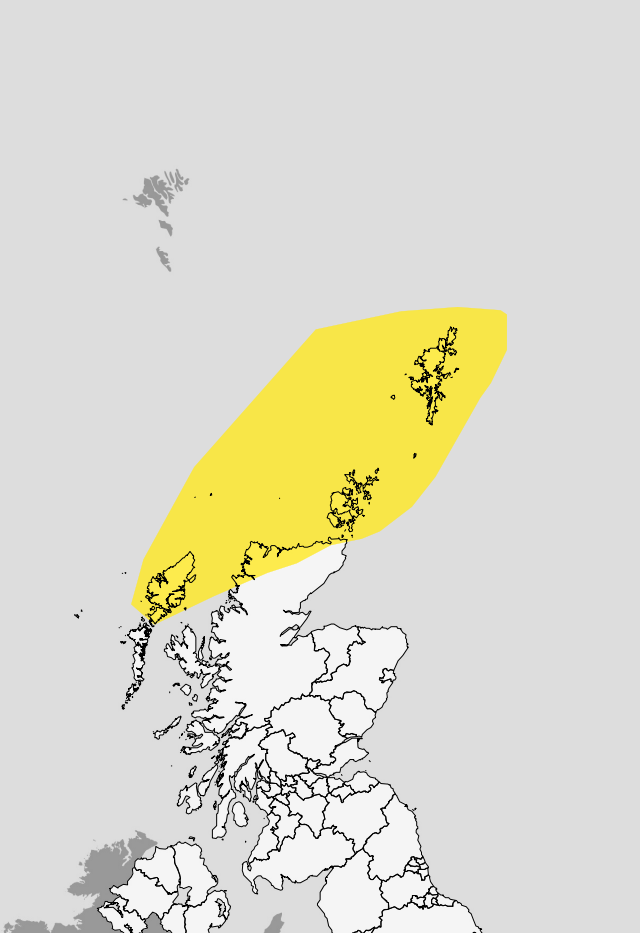
Yellow warning
Wind

Between
18:00 Tue 10 Jan 2023 and
10:00 Wed 11 Jan 2023



Strong winds are likely to cause some disruption on Tuesday evening and overnight.

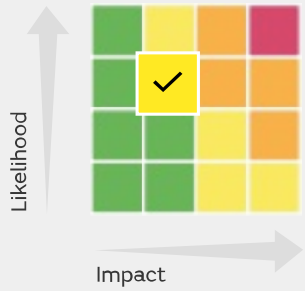
What to expect

- Some delays to road, rail, air and ferry transport are likely
- It's likely that some coastal routes, sea fronts and coastal communities will be affected by spray and/or large waves

Further details

A brief spell of very strong winds will affect the north of Scotland, affecting parts of the Western Isles first then moving eastwards overnight, whilst moderating from the west.

Gusts of 60 to 70 mph are likely over Lewis and Harris this evening, then winds are likely to peak across the north coast of mainland Scotland and the Northern Isles overnight, with gusts 70 to 75 mph. Here, winds will ease down on Wednesday morning.



✓ Medium likelihood of low impacts
